

From Sherri Barton, Principal:

I want to give you an update about our School System's plans as the state moves into Phase 3. We are awaiting details and further guidance to determine how we will safely transition to the next phase of our school attendance plan. This will take time and will not happen immediately. We will continue with the plan we currently have in place where beginning Monday, September 14, students in grades Pre-K to 5 return to school in-person five days a week, and students in grades 6-12 follow the hybrid model. We will continue to follow health and safety protocols that are in place. We will provide an update and more information Friday, September 18. Please visit the district website at www.stpsb.org for the most up-to-date information. Thanks for your patience and support as we work together for a safe and successful beginning to this school year.
