

Welcome back!

Parents and Students, Mrs. Mitchell and I, along with our entire faculty and staff, are so excited to welcome our MMS Seagull students back to campus next week! Our theme this year is Mandeville Middle School S. T. R. O. N. G. Students will learn the character traits represented by each letter throughout the year, and you will also see these on our theme banners and teacher/staff spirit shirts.

As we return, we want to make sure everyone is safe each day. All students and staff will sanitize/wash hands as they prepare to enter the building and all will wear masks. Hand sanitizing/washing will continue at regular intervals throughout the school day, as well. We have special procedures in place for student arrival, lunch, recess, and dismissal, as well as within each classroom. We need the cooperation of everyone during this unique time so that all will feel safe and protected.

Our teachers are ready to begin a year of challenging, engaging learning activities for each student. Their classrooms are designed to welcome and protect each student for meaningful learning each day.

Please view our MMS Virtual Tour & Welcome video. We can't wait to see everyone in person next week!
